

G.A.A.

The Girls' Athletic Association isn't just a bunch of tomboys who play football and wrestle. It is a club for girls who enjoy competing in such sports as bowling, volleyball, basketball, baseball, and the new sport this year, field hockey. With the adoption of this new sport, many girls were seen sporting swollen eyes, lips, and bruised arms and legs; but as no one was killed and no bones were broken, field hockey will flourish in this school until the sticks are broken and the hockey balls lost.

Every May, the G.A.A. has its annual banquet. Here the awards for being an officer, for being on a varsity team, and for earning the required points are presented. If a girl has earned 100 points, she receives a pin, 200 points—a guard for the pin, 300 points—a G.A.A. letter, and 400 points—a special award.

The big social event of the year is the "Basketball Bounce." This is the semi-formal dance that closes the regular basketball season each year. A fine band is provided and a good time is had by all.

Lynne Applegate, Vice President; and Nancy Keown, President.
