## M-TEENS

Each year the M-Teens' organization is officially begun with the initiation of the new members. A pot luck supper was enjoyed on October 15, 1952, for the informal initi-

ation. This was followed by the formal initiation on October 29. After these two events the freshmen became full-fledged members and were ready to participate in the events of the year.

The Football Royale, organized and sponsored by the M-Teens, was held on November 8, and proved to be one of the biggest school dances of the year. This is an annual affair, always presented at the close of each football season.

At Christmas time, December 17, a delightful party for the children from the Madisonville Orphanage, was given in the Home Economics room. Presents were distributed by Santa Claus—Terry Jones; stories were told by some of the girls, and Christmas carols were sung with everyone joining in. Refreshments were served and everyone spent a very enjoyable evening.

Other highlights of the year were: treasure hunt, selling Red Cross pins, very interesting visit with Mr. L. D. Warren, an artist from the Enquirer, packing of CARE packages, and many movies.

This year the M-Teens fully accomplished its purpose, which is to promote better companionship and fellowship among the girls.
