WARRIORS ON THE GREEN

The spring of 1952 brought out the first really organized golf team in Mariemont's history. It gave us some outstanding results in that we saw another M.V.I.L. runner-up.

Coach Art Davies had only four men on his team, but they were all good. Rich Federle was the top man, winning five out of six matches, while Denny Straley was always around to give Richie a battle for top man. When baseball was over, Ted Budach had to contend with Bob Meyer for third spot. This keen competition really produced a worthy team.

Besides owning a record of six wins, one loss, and one tie, our niblickers took a fifth place in the district meet. Richie and Denny, with the aid of some younger boys, should make the following year a real advancement in the rise of golf as a major sport at Mariemont.
