

eniors

A senior remembers

Most of the members of our class were born in the year 1937. It seems impossible that the years could have passed by so quickly over kindergarten, grade school, and high school in what seems now but a matter of weeks.

Our first memories of the Class of '55 date back to Steve Gerard's envied success in sneaking down the slide during naptime at Dale Park kindergarten. From that point on we recall glimpses of " $2 + 2 = 4$ " and rousing games of "fox and geese" or "blind man's buff." No girl will forget her feeling of hero worship when Bill Bausmith performed a death-defying feat of "ledge-walking" around the massive recreation building.

With our entrance to high school a whole new field of activities was opened to us. There were organizations to join in which we could become acquainted with our fellow students. The boys found an active sports program. Over our four years at M.H.S. the sportsmen of our class have excelled in athletics of all types.

We proved ourselves able entertainers when we gave the Class of '54 a wonderful Junior-Senior Prom and Banquet at the Copper Stallion. Dramatic, athletic, and social organizations alike have thrived under the capable leadership of many in our class. With the tremendous financial burden of publishing the Chieftain we found it necessary to throw our shoulders to the wheel, and the results were more than rewarding. Our impressive records in magazine and Christmas card sales surpassed any class before us.

In the line of dramatizations and productions we achieved a great deal of success with our Senior Play, *Lavender and Old Lace*, and our Variety Show which carried out a sea theme. All in all; we leave our senior year filled with happy memories.
