PROLOGUE

Welcome to our town! Well, here it is the Spring of '59 and our job is almost done. It all began back in 1946 when we started school, but that's another story.

Now, we want to take you through the school year of '58-'59. We have tried to combine the senior play, OUR TOWN, and our own community in bringing you many glimpses of our school life. We would like you to see our town and our school in action; to see us as we go through this important year of our lives; and to help us live and relive the many exciting and happy events of this year.

The stage manager, that's me, will act as your guide. I will explain a few things and point out several places of interest.

If you're ready, shall we begin our tour?
