

Our Goal

Pom - Pom Corps

The Pom-Pom Corps started as a group to perform during last year's basketball season. This year, the girls took part in the band shows at all of the football games. The Corps performed with the majorettes at this year's basketball games. The girls also marched at the U. C. band day and in the Milford parade.

Concert Band

The hum-drum of the marching season is over, no more cold football games on Friday nights; no more halftime shows; no more "blasting". Now our pent-up energy must find more refined sources of release. The band must settle down somewhat; and they must concentrate their efforts on creating beauty through musical expressions. For this, the concert band exists for those who are interested in music. But it is represented not only by those who find excitement in a stirring crescendo, for who doesn't, but also by the individuals who wish to bring this excitement to others through their own talents. What an opportunity; what a challenge!
