

See,  
you've been  
one of my best  
friends for a long  
time now & you al-  
ways will be, even the  
way it goes. Remember all our fun  
I won't be living in god  
old "MARIE MONT" but what's the  
way to help decorate for our prom night  
year (not mentioning how much I'd like to  
attend) and if everything goes all right I'd like to  
will. I'm sure you all will make it again. I  
and I just know you 12 of us tried out for the first time.  
only yesterday when I want you to come out to see me  
now it's down to five! I want you to come out to see me  
when ever you can, and before the summer is over, I want  
you to stay for a week & we can go swimming at the  
thing you ever do, although you really don't need it. At  
ways stay to be one of the very best looking girls  
in our class & with a personality that's top!  
You're the greatest.  
Love ya Loads,  
Betty
