

# Foreword

What is the purpose of this, your 1957 Chieftain? Why did the editors work all year putting it together, and why did you buy it?

It is a book of remembrances trapped in pictures and prose, for you and me to enjoy in future years. It is a record of happenings which reflect your classmates, and the atmosphere of your school; the Variety Show, the teams you were on, the big dance, your teachers. Each picture captures an event important in your school life. It means something special, different, to each one of you.

The yearbook brings together and organizes another high school year. When you read this book, remember its purpose, and enjoy it that much more.

P. W. A.
