

Mr. CARL A. BADEN, Superintendent

#### TO THE CLASS OF 1957

As time marches on, some of the memories of your high school days will gradually fade and die away. However, as you go forth to take up your several duties in the world at large may it be recorded that you made the most of the many opportunities afforded you by Mariemont High. We trust that there has been instilled in each graduate a desire to seek more knowledge and to penetrate to greater and greater depths in the cup of life that will be offered to you in the challenging world of tomorrow. Although scattered, and far apart, as surely your classmates will live, you will enjoy the happy memories of those days spent here. Somehow those memories will inevitably grow sweeter with the passing of time.

Mr. ROBERT A. MARTIN, Principal

#### TO THE CLASS OF 1957

There lies within each of you who reads this, a power for action. This power for action may not be equally distributed among you, but bear in remembrance that the Great Creator of Heaven and Earth has balanced the scales by providing an equality of satisfaction and happiness among all who use their respective powers for the benefit of mankind. Belittle not your powers. Ignore them not because they seem so insignificant in comparison with those among you so richly endowed. Wait not until the morrow to exercise your powers, but this very hour seek to exert your influence for good. You who will dare cannot fail.
