The 1957 Senior Scholarship Team was composed of the top forty per cent of the senior class. These high ranking seniors were chosen not only to compete individually with other seniors from the state of Ohio, but also to compete on a team basis. In previous years a high rank has been maintained by Mariemont. This prestige is beneficial to successive classes, but it

also entails great responsibility in maintaining these same high standards.

The members of the 1957 Senior Scholarship Team worked hard to uphold this record. It is hoped that future members of these teams will accept this responsibility and honor Mariemont High School with scholastic achievement.
