

# Varsity Football

Hard work, observance of training rules by players, and co-operation between players and coaches, minus mistakes made on game nights, equals an even record. This about sums up the '56 football season. A failure? No! Whenever everyone affiliated with an organization gains as much as the players, coaches, and followers gained from this year's football experience, success is the only word applicable. "It matters not that you won or lost, but how you played the game."
