

# FRIENDS OF WITHROW

We wanted to take time out to give our special thanks to Monica Nolan, for contributing her time, money, and sincere efforts to beautifying Withrow High School. It is very rare that people take a school under their wing, and work so hard to preserve the beautiful land. Ms. Nolan has restored our once faltering bridge and fountain. She has planted flowers in the spring, and furnished lights at Christmas time. We are very lucky to have a friend like Ms. Nolan and we are very grateful to her.

Another friend of Ms. Nolan.

Good food, good friends.
