● These sixteen girls have achieved the highest honor available to Withrow girls and have earned the privilege of wearing the silver bracelets with the words "Dux Femina" inscribed on them. Chosen by the faculty and the members of the previous year on the basis of their curricular activities in school and their high scholastic standing, these girls have proven themselves by carrying out their duties of leading school projects and selling refreshments at sport events. Under the guidance of Miss Rose Agerter, the "Dux" girls put forth their best efforts in order to give a scholarship to the most deserving senior girl in June.
