● Sigma Gamma, boys' honorary society, represents the twelve outstanding boys of the year's senior class. Members are selected by Mr. Mathias, the faculty, and Sigs of the previous year. They merit this high honor through outstanding records in both scholastic achievement and extra-curricular activity. Throughout the year they are kept busy raising money for the annual Sigma Gamma scholarship, backing the election of Homecoming Queen, and sponsoring the Senior Prom. Strength of character and purpose, together with fellowship, make Sigma Gamma the highest goal for every Withrow boy.
