

## ● freshies learn alma mater

Each year sophomores solemnly teach new freshmen our school song and inspire in them appreciation for the beauty of the campus, the scenic bridge, the graceful tower. New students are often not fully aware of Withrow's picturesque surroundings or fine architecture but the Alma Mater soon adequately impresses them. Although for many years Withrow did not have a suitable Alma Mater, the Music Department sponsored a contest several years ago with the present words resulting. The music was written by Mr. Greather, former music teacher at Withrow.
