

● A typical school year in the Junior High is highlighted by the annual tug of war. In this thrilling contest of strength the superior eighth grade boys meet the fighting seventh grade boys. The result of this melee can never be foretold; for often the underdog seventh graders turn up victorious. This event is staged under the expert

guidance of Mr. Hensel, or "Pop" as he's known to the students and colleagues. Another day to which athletic boys and girls in the Junior High look forward is "Award Day." Fair play and hard work throughout the year result in the pupils receiving the emblems which they wear proudly until they receive their Withrow varsity numeral.
