● reserve, frosh teams develop stars

● Coach John Huheey and the Reserve Football Team clicked off a successful season this year. Before school opened, the squad began to take form, and, by November, it had become a well-functioning organization. Like the Reserve Squad, the Freshman Team molds stars for future varsities. After a fortunate season, coached by Mr. Hedges, the members have furthered their skills in the game and prepared for next year.

● Withrow's six capable football managers, the unsung heroes of the gridiron, keep the teams' equipment in working order while the cheerleaders help the team by stimulating morale. This spirited group, advised by Miss Brewer, is helped by the pep squad, which has worked out well as a nucleus cheering section. The drum majors and majorettes are noted throughout the city as a well co-ordinated, talented, gay group.
