● The Varsity basketball team holds the interest of students during the severe winter months when no outdoor sport can be followed. The fast aggressive action makes basketball an exciting game, and many students follow it enthusiastically. The players, because of fast action of the game, must possess a great amount of endurance and stamina. Mr. John Huheey, recently appoint-

ed basketball coach, deserves the credit for producing a more successful basketball team than the Tigers have had for some time. Charles Ernst was the top scorer this season, followed by Jim Kumpf and Harry Yee. Nine boys, who played in at least half the total number of quarters played this season, qualified for and won Varsity letters.
