

What's the count, ump?

of students in spring ●

When not on the mound Henry Boston was in the outfield also. In addition to Henry there were two other Withrow chuckers, Duquette and Don Miller. The catching duties fell to Dick Ernst and Frank Giardullo. Last year the Tigers didn't live up to the expectations due to the fact that they were inexperienced. This year a marked difference was seen. The team on the whole is rather small but full of hustle and fight. The Tiger nine was a scrappy outfit and hard to beat. An air tight infield, a well patrolled outfield, strong battery combinations, and hard hitting equaled a top flight team.
