

to train track team to take titles ●

● At the crack of the starter's gun the race begins and the Withrow speedsters sweep to the front to hold first position. This is a scene often enacted on the Withrow track each spring. The boys practice long hours and diligently for competition in meets and are often rewarded for their efforts by winning a first place. The team participated in many local meets, held chiefly in the Withrow stadium, before it was ready for the larger and more important meets. All members look forward to the City, Knights of Columbus, District, and Miami meets, but all hope finally to go to the State meet in Columbus.

Top ● Judges await the winners.

Lower Left: ● Jim Hume shows shot put form.

Lower Right ● Lowell Lumley crouches for start of shot.
