● Here they are! The girls on this page form the nucleus of the largest and most active club at Withrow—G.A.A. They are the energetic core around which the remainder of the club functions. Pookie Allen, president, presides at the business meetings and, with vice-president Beatty Cadwallader, sees that the club is well operated. Watching the figures and records of G.A.A. are the duties of Jane Forbes, Jane Messinger, and Janet Bremer, treasurer and secretaries. The managers of the various sports draw up the game schedules and organize the activities of their particular sport as well as direct the participation.
