

Jump!

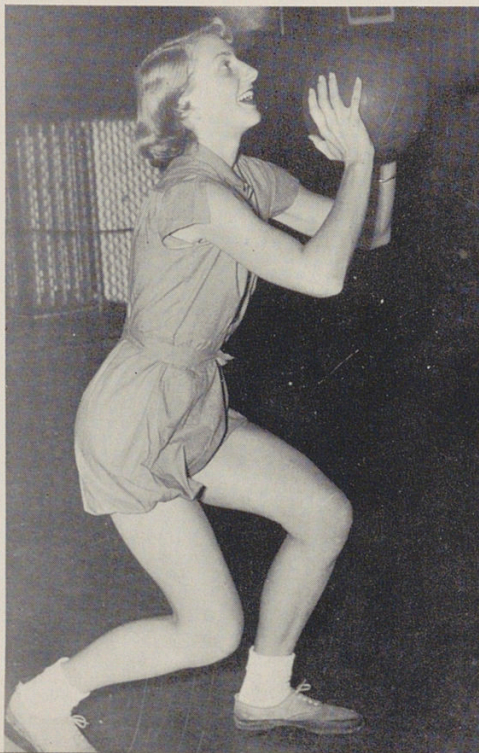

Point?

● Side out! Net ball! Point! These are but a few of the familiar yells which fall on the ears of the Withrowites who participate in the energetic sport, volleyball. The vollettes train vigorously to gain skill, not only to be victorious among their schoolmates, but also to put forth good competition in the annual play day held at Withrow.

● One of the most popular sports, for which the athletic spirited G.A.A. members turn out, is basketball. This sport commences with practices in the late winter and ends in class games which take place in early spring. Besides participation in individual team games the basketeers take part in the annual Cincinnati basketball play day.

Shoot, Marilyn!

Free throw, a sure point.
