## ● boys' glee club

● Boys Glee Club meets every Tuesday and Thursday to further interest in music. This group participates in the Christmas Assembly, the Late Spring Concert, and the Withrow Minstrels. Every boy in the group who has been a member of the minstrels' black-faced male chorus has memories of his experiences in "The Garden" during off stage periods—especially in adverse weather. Practicing hard, performing well, and laughing together has produced a harmonious group of young men of which the director, Ansel Martin, is justly proud to have under his guidance.
