## ● greek club and scribblers

● The Clonian History Club, formerly the Greek Club, is new at Withrow this year. Sponsored by Miss Vina Cavindish, this club aims to stimulate a lively interest in the study of people. The motto is "By Their Fruits You Shall Know Them." To be eligible for membership a candidate must have an average of eighty-five in history and a recommendation from his or her history teacher. The club members aspire to stage one school performance a year, practice democratic living, and share good times.

● Look to Scribblers for the authors of tomorrow! Withrow's senior literary club provides an incentive necessary for the development of creative talents in its members. The group, consisting of both junior and senior girls under the sponsorship of Miss June Wood, believes that practice makes perfect; therefore, at meetings, which are held on the second and fourth Thursdays of each month, they stress original composition and the study of the works of already famous authors. One of this year's projects was a short story contest. This organization is an essential part of the daily extra-curricular life of Withrow.
