● At the close of another year, the members of Thalian look back to the fall picnic, the cast party after "Bertha," and the Minstrel skit. All this fun and frolic comes after many hours of intensive work. After long weeks of tireless rehearsing and careful planning, Thalian was ready for its spring presentation, "Bertha, the Beautiful Typewriter Girl," one of the group's most successful productions. Potential actors and actresses are developed and encouraged by Miss Marjorie Rosenberger, the club's sponsor. Thalian members agree that the hard work and the spontaneous fun of producing a play results in friendships and memories to be cherished, long remembered and fondly.
