● committees work behind scenes

● Every presentation the size of the Withrow Minstrels must have a huge number of people working behind the scenes in order to run smoothly and effectively. Without them no production could ever be completed. This year the work of the committees was in the hands of the very efficient faculty members, Miss Lulu Murphy, Costume and Design; Mr. Ken Vordenberg, Stage Crew; Mr. Ray Wirth, Make-up; Mr. Russell Stearns, Printing; Miss Aletha Parks, Box Office; and Mr. J. D. Srofe, Ushers. These persons were assisted by the student chairmen, Ken Eicher, Kent Holwadel, Nancy Kyrloch, Ross Clem, and Dick Kinney. Coordinating the work of the committees was the Minstrel's secretary, Mrs. Thelma Smith, whose assistance, and that of student secretaries, was invaluable to all concerned.

The crewmen kept the show smooth backstage.

The Sewing Committee converted the ideas of the designers into reality.
