## WITHROW PLAYERS, AT THE AGE OF ELEVEN, RANKS AMONG OUR FIRST CLUBS

Withrow Players offers ample opportunities for sixty-three talented Thespians. Ever since the club was organized in 1936, it has grown and developed together with our school. Today Withrow Players has almost doubled the membership of its first year from the original thirty-three to the present sixty-three

members. The club, composed of freshmen, sophomores, juniors and seniors, stages at least one play during the school year in which all its members participate, either directly or indirectly, to make their production a success.
