IN THE TIGER CLUB EVERY SPORT IS REPRESENTED BY TOP-NOTCH ATHLETES

The Withrow Varsity Athletic Club, which is composed of the lettermen of Tigertown, represents the outstanding sportsmen of the school. Its requirements signify that each member must have his letter, must take an active part in some field of sports during the year, and must strive for nothing less than victory.

An energetic and capable group of boys, under the direction of Mr. Stearns, form the Offset Club, an organization devoting itself entirely to the edition of printed matter such as football schedules, school mottoes, and Minstrel programs. Occasionally the boys even wrote and published their own paper, the "Tower Shadow."
