THE BUSINESS AND AD STAFFS WORK FOR A BETTER ANNUAL AND LARGER BUDGET

Long after three o'clock one may find, in the vicinity of 126A, the Annual Business Staff working busily to fill subscriptions. Under the supervision of Mr. Rhollans, the staff spends many hours arranging appointments with the printer, contacting advertisers, and handling the financial department of the publication.

The task of managing the Business Staff of the 1947 Withrow Annual was the full time job of Gracie Stevenson this year. With a capable and hard-working staff handling the soliciting, planning, laying out, and writing of copy for the ads, the advertising department got off to a fine start on its engaging task.
