DOMESTIC DUTIES TAKE ON NEW INTEREST FOR HOME ECONOMICS CLUB MEMBERS

Home Economics Club is a new addition to Withrow's extra-curricular activities. The club was introduced for the purpose of organizing all those who are taking home economics and who are interested in it. The club has succeeded in teaching new "slants" to housework, cooking, sewing, and home life in general.

These girls have taken home many valuable hints on the various phases of homemaking instructions. "All work and no play" is definitely not the theme for the Home Economics Club. This club enjoys parties which prove good entertainment for all participating. It deserves its great popularity among Withrow's girls.
