RAILROAD CLUB GOES TO THE ROUNDHOUSE

One of the newest additions to Withrow's growing list of extra-curricular activities is the Railroad Club. This club was organized last year when a group of industrious fellows decided to pool their efforts to gain the most from their hobby, railroading. Since then the organization has grown, until now the "junior railroaders" make excursions to see the various types of trains, hold interviews with railroadmen, and even publish a weekly gossip sheet of their own. Yes, if it is an active club you wish to see, we present to you the Railroad Club.
