FUN IN A FOREIGN STYLE

Although their utmost desire is to speak French like the natives, these French Club members satisfy themselves by using the language at their meetings. Their greatest undertaking this year was to collect clothes and money for war-torn France so that peace and security might once again be restored to this unhappy nation.

Although the fundamentals of Spanish may be learned in the classrooms, the test of one's ability to use the language comes during the club meetings. The most outstanding feature of this year's program was the Christmas fiesta, where every member participated in some respect to make this meeting a true Spanish Club holiday.
