RUGGED RAQUETS SEND FAST SERVES

"Let's volley for serve." This is a familiar phrase starting every tennis match. Zing! The ball hits the court and that thrilling, fast game of tennis is under way once again. As the ball bounces back and forth on Withrow's fine courts, the players develop a certain rythmn which enables perfect co-ordination of mind and body. The fall and spring tournaments highlight the season with the presentation of loving cups and other awards. Singles and doubles alike make up these tournaments. Tennis club continues after school is out in June, for the courts are open under the supervision of Mr. Harold Sherman, the sponsor.
