

ENJOYMENT AND HARD WORK BY THE ORCHESTRA PRODUCES GOOD MUSIC

For many years the standards of a high school musical organization have been upheld by Withrow's orchestra, under the direction of Mr. Earl Behrman. The past two school terms have seen the music credit extended from one-fourth to one-half in value, thereby balancing the scales between the band and the orchestra. In June, Withrow's late Spring Concert engages a night of the orchestra's time. In this per-

formance an outstanding number, which has been prepared by the members, is played. This year the memorable Grieg Concerto is being executed with Barbara Wagner as piano soloist. Other organizations, such as churches and social clubs, reap enjoyment from the efforts of Withrow's musicians. The pupils in the Withrow orchestra comprise part of the Presentation Orchestra, the backbone of the Minstrels.
