"OUR HEARTS WERE YOUNG AND GAY," PRESENTED BY THALIAN DRAMATIC CLUB

Undoubtedly one of the best scenes was that in which Dick and Leo had to think of everything possible to cure Cornelia's measles. Since the medical inspectors were approaching, the boys covered the spots with

a worn out hat and a thick face powder. When Cornelia engaged in her dramatic orations, Emily, her ballet, and De la Croix, a telephone conversation in his native tongue, the stage became a laugh riot.
