TWO STRIKING SCENES FROM THE THALIAN HIT, "OUR HEARTS WERE YOUNG AND GAY"

Two of the many laugh-provoking moments in which this comedy abounded are shown here. The excruciatingly funny stateroom scene, when Cornelia and Emily are retiring, was done to perfection. The awkwardness of Emily's repeated descents from the upper birth drew gales of laughter from the delighted audience. The bed bug scene, depicted below, was equally uproarious. The horror of the girls, upon discovering the presence of the unwelcome guests, brought howls. Otis Skinner

in the role of disinfector was irristible. Hilarity was the keynote of this entertaining play, which was presented on two successive nights. The Thalian Club, consisting of juniors and seniors, and directed by Miss Rosenberger, heartily enjoys the strenuous training it receives. This club, the oldest dramatic organization in Withrow, is justly proud of the many excellent productions it has staged for well-filled houses. On the preceding page are presented the 1947 members of the Thaliah Club.
