

GENS TOGATA, A SYNONYM FOR BANQUETS, PLAYS, SONGS, AND GOOD TIMES

Sponsored by Miss Ruth Grove, Withrow's Gens Togata is a fun-loving, active club. Freshmen who have 90 averages are permitted to join the club in the second semester, but there is no scholastic requirement for sophomore, junior, and senior Latin students. The club holds two meetings every month. First there is a business meeting followed by a program in which a few members of the club put on a skit and the club plays games. The meeting is usually closed by the singing of popular songs that have been translated into Latin by the members of the club.

This year several of the members of the club, under the supervision of Mrs. Marion Maish, composed the music and lyrics for a themesong for the club. The group, with Mrs. Maish as accompanist, sang the new song to the club. It is entitled "Io Gens Togata" and was received well by the members. At the annual Latin Banquet, held at Knox Church this spring, the club will present a comedy, in Latin, based on the story of Perscus. The banquet will culminate the activities of the club for this year.
