

WITHROW'S "BIG FOUR" ARE TOPS

These efficient secretaries are always ready to assist pupils and faculty alike in any way possible. They, like all Withrow's other personnel, have the patience, understanding, and ability that make Withrow a fine school. As Miss Allen says, "The office is just like one big, happy family with a normal amount of trials and tribulations." We all realize how smoothly the routine, but vital, details of the office are managed because of the cheerful efficiency of the secretaries. They have our deep-felt gratitude for many kindnesses.
