

basketball

So round, so firm, so fully-inflated, so free and easy in the basket! What? Why, it's **basketball**, the best-attended and fastest-moving of all high school athletics. Along about the first of December the hardwood echoes with the pounding of feet and the bouncing of balls as the hoop season opens. Speed and agility, coordination, endurance, and quick thinking unite to make a good basketball team. The '50-'51 Tiger cagers proved to be one of the best Orange and Black quintets produced at Withrow in recent years.
