

Chickens and birds help soothsayers to predict the future.

Greek gods and goddesses parade before members of **Gens Togata**, revealing their identity by their dress or their actions. The members, who are Latin students, meet on the third Tuesday of each month to enjoy programs of ancient Greek and Roman history, songs, and plays. The year is climaxed by the annual banquet where the food and style in which it is presented always create considerable interest. Gens Togata was founded in 1931 for the purpose of learning to appreciate the Latin language. Sponsors, **Miss Grove** and **Mrs. Maish**, and president, **Pat Thomas**, guide this active group, which even has its own club song.
