

"Our Miss Brooks" soon discovers that English, dramatics, basketball, romances and temperamental actresses do not mix.

## saga of school days.

Presenting skits for a football and a basketball assembly started off another successful year for **Thalian Dramatic Club**. The Thespians were occupied with the presentation of monologues, excerpts from plays, and special sketches, as well as with diligent rehearsals for their public play "Our Miss Brooks"—all a part of learning the essentials of good acting. Successful Hallowe'en and Christmas parties, a cast party after the play, and picnics were also on their agenda, adding many happy moments to their well-filled schedule.

Heartaches and headaches dissolve to make "the play within a play" a success for the hams of Miss Brooks' English class.
