

Selections mastered, instruments tuned, and the Presentation Orchestra is ready for its part in the Minstrels.

Chosen for art and color in playing, the outstanding musicians of band and orchestra form **Presentation Orchestra**. This unit accompanies all Minstrel acts to give the production that extra sparkle. Striving for the perfection that comes only with practice, this group works long hours after school. The Warsaw Concerto and Pacific Panorama are two specialties which brought stardom to this year's presentation; like all other numbers, they were arranged by "Smittie."
