

Leaves, leaves, red and rust—won't they ever stop falling!

"The better to see you with"

How "Big Scoop" loves grass and snow!

Janitorial and Lunchroom Staffs

Have you ever looked behind the scenes of Withrow? While we go busily on our way, day after day, many people are working hard to do the things we take for granted. Have you thought of the planning and work it takes to feed 3,200 students and teachers? All the dishes that have to be washed! Never again shall we complain about helping at home! Remember that candy wrapper you carelessly dropped after lunch? It was gone the next day, where did it go? Of course! The custodians swept it away! Although we usually show little appreciation for it, we want to say "Thank You" now, for helping us through the year.
