The outstanding students

Dux Femina — leader of women — the aspiration of all Withrow girls from freshman on—a perfect reward for three years well spent—whipped cream on the dessert of schooling. These select sixteen can often be found selling donuts or helping the DAV collect money on its "Forget-me-not Day." All the profits from Dux's varied activities go toward their **scholarship**, given annually to a senior girl. They work hard and love it; Withrow loves them!

Little donuts and big ones, sugary and cinamon; twisters, the old favorite with a hole in the middle, and a new kind which sports a chocolate top—a thousand dozen of these were sold by the ambitious Dux girls during football season.
