

# Poll Senior Popularity Poll

Who were the most popular guys and gals in school this year? To supply the answer to this intriguing question, **Tower News** conducted the **senior popularity poll** early in February, in which senior "wheels" were elected by their classmates to positions of "Best Looking", "Wittiest", or perhaps "Best Dancers". For the first time in history the seniors were not able to decide between two girls, Lila and Macky, for the most popular girl; **result — a tie.** It will be interesting to see what these people do in the future.
