### Is The Motto Of Our Student Services.

Busy as beavers, morning, noon, and night are the workers of our three student service organizations. Membership in these groups entails hard work from the first day of school to the very last. Nancy Morgan is in charge of **locker key distribution**. This group orders keys to replace those lost and checks defective ones. The **Lost and Found** is managed by Elaine Parker who recovers lost articles for the pupils. The library assistants keep the books in order.

Keys on the board, keys in the envelopes, keys on the floor, even in dreams they seem to haunt the workers until the job is done.

Issuing and filing books are duties of Sylvia and Bob.

If anyone has found, or lost, a brown fountain pen (or almost anything else), it will be ably taken care of by our "Lost and Found" department.
