

Withrow's baseball team is perennially near the top of the P.H.S.L. The biggest reason that this is the case is the "mill" or "Tiger Farm System" through which prospective players are put. This development of rookies starts with the **reserve team**, coached by the highly capable **Mr. Mel Russell**. The reserves play a full schedule of games in their own league which perfects the skill needed to make the varsity squad. Sportsmanship and Withrow's unbeatable spirit also are instilled into the boys.
