Withrow

2003-2004

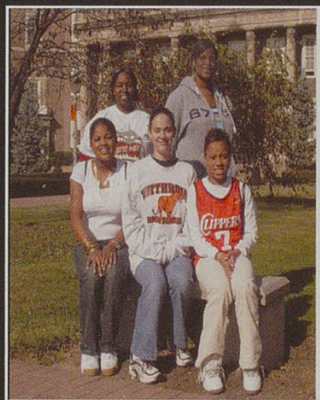

Change evokes nostalgia, but it also promotes hope. Withrow is in the business of nurturing a healthy generation of rising leaders. The outward manifestations of changing our school involved replacing the old with the new. New roofs, new windows, new doors and a new school-within-a-school herald a renewed commitment to public education by the people of Cincinnati. Interior renovations planned for the next few years will provide a modern learning environment where students can strive to reach their full potential. The eastside's best-known landmark will continue to hold the hearts of all who cross the bridge and pass by its lofty tower.

Withrow Traditional Administrative & Teaching Staff

Dear Students and Friends:

Withrow Traditional High School is one of three separate high schools on the Withrow Campus. Although we are a school of 11th and 12th graders, our school offers a complete high school experience. Because of our standards-based curriculum, graduates of Withrow Traditional High School will be prepared to enter most 2-or 4-year colleges of their choice.

We have two unique programs, CBI, Career Based Intervention, and Credit Recovery. The CBI program allows students to do their course work on computers. The Credit Recovery program is designed to help students ages 17-21 complete courses they are missing to fulfill graduation requirements.

All students have the opportunity to participate in a campus-wide extra-curricular program that is second to none. Although we boast of many athletic scholarships, Withrow's numerous extra-curricular activities have something to offer for all students.

Sincerely,

Paul Ramstetter

Principal

Withrow Traditional High School

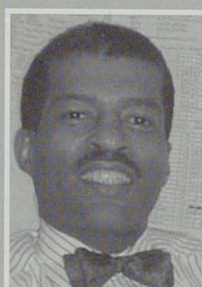

Principal, Paul Ramstetter and
Assistant Principal, Eugene Smith

On March 19, 2004, Mr. Ramstetter accepted a position with the Board of Education. With his departure Mr. Smith was appointed the new principal of Withrow Traditional and Mr. Johnson returned from retirement to fill the Assistant Principal position.

Withrow Graduation 2004

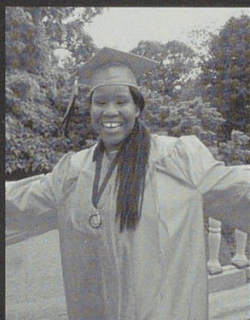

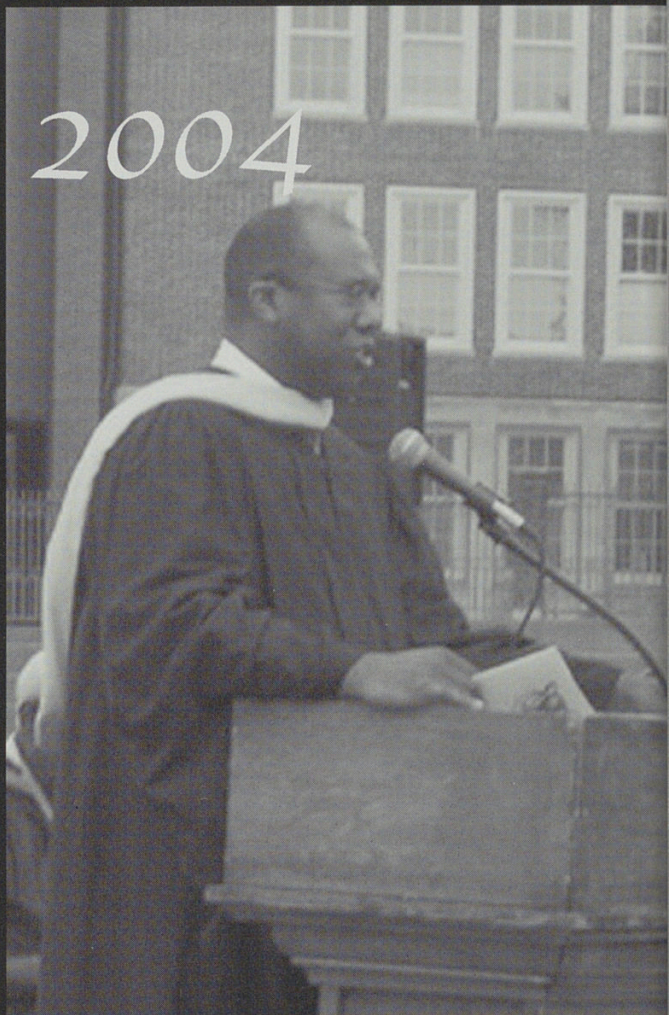

May 25, 2004. Despite "cicada-mania", everything looked perfect for the graduation ceremony... except for the gathering storm clouds. The day had begun with overcast skies and a prediction of rain. Students were worried. "My whole family is coming. If it rains and we have to go indoors, I don't know who I'll choose for just two seats!" For a while, it seemed as if students would have to make that hard decision, because at 2 p.m. the heavens opened up. But Lady Luck favored Withrow, and by 6:00, the rain was gone, the sun was out, the custodians had dried off the chairs, and the only concern for graduates and guests was negotiating a few puddles.

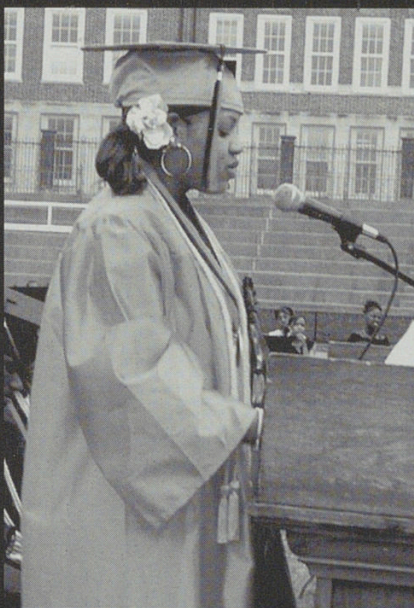

The Greeks and French consider cicadas to bring good luck since they appear only once every 17 years. Could Brood X bode good fortune for the class of 2004?

Traditions continued as the 2004 Graduation was held in Withrow's own Angus King Stadium.

IN MEMORY

Thierno Barrie

1989 - 2004

Thierno Barrie came with his father to Cincinnati from Sierra Leone, Africa. Mr. Barrie said "I came here to work because my country is at war, and I can't do business over there. I am the only one to supply the family." His wife and three other children now live in Guinea, near Sierra Leone and he sends them money every week. Mr. Barrie brought Thierno, the oldest child, here to learn English and American culture so he would have a better life. He was a well liked ESL student along with being a member of the soccer team.

Thierno was swimming in an apartment complex swimming pool when a friend became tired in the deep end. Thierno jumped in and helped his friend to safety but did not survive.

The Cincinnati and Withrow community pitched in to help the family collect funds to help send Thierno's body and father home to their native country. One of the volunteer activities was a car wash as seen in the pictures below.

Thierno Barrie is missed by all who knew him.

LAW AND PARALEGAL

Mr. Cole's Motto:

NOTHING WORTHWHILE IS EVER EASY,
AND NOTHING EASY IS WORTHWHILE.

The Law and Paralegal Studies course is designed to introduce students to the study of law as a career choice. The goal of the course is to develop in students through the study of law, the critical reading, reasoning, and analytical skills that can be applied profitably to life experiences; to show the law's relationship between the individual and society; and to encourage students to be more aware of their rights and responsibilities as citizens.

International Baccalaureate

The IB has been called the best kept CPS secret. It is a rigorous program whose scores are accepted by most colleges for advanced standing.

The International Baccalaureate Program is designed to meet the highest standards required of any high school student in the world. Upon successful completion of the IB program, graduates receive not only a regular State of Ohio high school diploma, but they are also eligible for advanced standing at more than 500 leading colleges and universities throughout the United States.

IB students pursue rigorous coursework in six areas: Language A1, Language B, Individuals and Societies, Experimental Sciences, Mathematics and an Elective Area. IB candidates also study the Theory of Knowledge, participate in an intensive community service project and research and write an extended essay on a subject of their choice.

Withrow International is a member of an elite group, one of 1,053 schools in 111 countries, including 350 in the US, which offer the IB program. Approximately 18,500 students in the entire United States take IB exams each year.

Withrow International High school students traveled to Costa Rica for two weeks and stayed at SOS Hermann Gmeiner International Baccalaureate school where they received a unique cultural exchange, an unparalleled opportunity for foreign language acquisition and multiple community service opportunities. The students were able to attain cultural interaction with Costa Rican students and enjoy the beauty of their country. Their activities included white water rafting, horseback riding, enjoying native delicacies, and sight seeing the famous natural canopy, volcanoes, museums, and several cities.

A Second Language

The English as a Second Language Department at Withrow International High School serves nearly 25% of the student body. This year there are one hundred thirty three students in the program who come from over thirty different countries around the world. Currently four levels of ESL instruction are offered serving students at varying levels of English proficiency. The students in this program bring a truly international perspective to classes and the school as well.

BOYS' SOCCER

They are as fancy in their ball skills as the Harlem Globetrotters and almost as well-traveled. The difference is that these guys work their magic with a soccer ball. And most of their globe-trotting was done just to get here.

Consider the beauty of the following game-action sequence that lasted only a blink: The Salvadoran headed the ball to the Senegali, who trapped it to his chest, then dropped it to his feet, before flipping it back to the Salvadoran, who launched a scoring pass to another

Senegali who crisply centered it to a third Senegali, who slyly drew in the opposition--then slipped a slithering service to an Afghani, who blasted it into the right back corner of the net. Goal! by Cinit Enquirer journalist, John Erardi

Congratulations to Withrow's Girls' Varsity Soccer team on the first Girls' Soccer Tournament Victory in School History! Withrow 2, Western Hills 0, Division I - Withrow gained its first tournament victory in girls soccer with Marie Byrd's two goals and a defense that didn't allow a shot or goal.

The Girls Varsity Soccer team made history this year by playing the first varsity game in school history. The team completed their first ever season by winning their 1st round Sectional Tournament game over West High 2-0. The Tigers then faced one of the nation's best teams, the St. Ursula Academy Bull dogs, and lost 9-0 in a 2nd round game.

FOOTBALL

Six Withrow players will sign with colleges, although none with Division I-A schools.

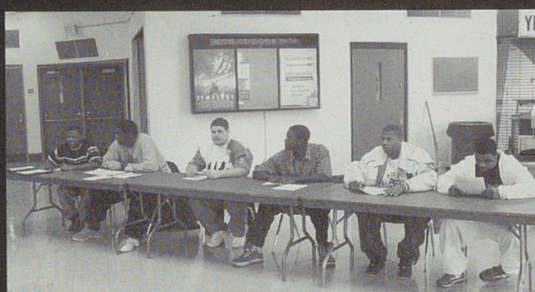

Three Tigers - running back Mike Johnson, guard Tim Grob and center Wiley Roberts - will sign with Northwestern Oklahoma State University, the NAIA national runner-up the last two years. Linebacker Steven Yarbrough is headed to Tiffin University and receiver Dyshaun Edwards to Tusculum College.

Still deciding is offensive tackle Ronnie Harris, who will select either Division II Tusculum or Division I-AA Tennessee-Martin.

About Harris, first-year Withrow Coach Doc Gamble said, "He's 311 pounds, but it's a slim 311. He was raw this year, but you can see the skill is there. If he develops the love for football that he has for basketball, he could end up being a rich guy." By Carey Hoffman

The Withrow cheerleaders are a prime example of enthusiasm and energy. They represent the true meaning of Withrow Pride. The Football and Basketball squads confide in the cheerleaders and depend on them to keep their spirits high and to give them strength to win. They attend numerous camps along with regular practice to work on their skills. Withrowians are extremely proud of how their cheerleaders represent and support them.

Dux Femina is a high school sisterhood sorority offered at Withrow High School. Members must have a high g.p.a, recommendations from teachers, and write an essay. To become a member of Dux is a lot of fun, but it does require time and dedication. Being a Dux Femina is rewarding and a life lasting experience one will never forget.

The 2003-2004 Dux community service project was promoting a blood drive. In addition this years members received the opportunity to perform their stepping routine at the West High talent show, at a hair show at the Legacy and for a Withrow pep assembly.

2004 saw the rebirth of a great Withrow tradition, the student-produced newspaper, Tower News. An anonymous alumna purchased iMacs for production and underwrote the costs of commercial printing. A small group of loyal and hard-working student journalists produced three issues during the second semester of the school year. When our benefactor came forward, she said she wanted to sponsor Tower News because her experiences on the school paper were some of her fondest Withrow memories. Thanks to her generosity, a new generation of Tigers can create a future full of good memories.

★ Withrow Productions Earns Four Stars

I walked into the auditorium to see a fully set stage. I thought to myself, "Cool. This year we have an actual set." I missed the first few words because we were paying for tickets, but I turned around to see the first song and dance routine. We made our way to our seats and settled in to enjoy "The Little Shop of Horrors."

The play was about a down-and-out skidrow floral assistant who became an overnight sensation when he discovered an exotic plant with a mysterious craving for fresh blood. Soon, "Audrey II" grew into an ill-tempered, foul-mouthed R&B-singing carnivore who offered him fame and fortune in exchange for feeding its growing appetite. The plant finally revealed itself to be an alien creature poised for global domination. The actors did a really good job, and deserved every bit of applause they received.

Withrow Alumni Inc. was established in 1995 and has maintained a daily presence in the school. In 1997 a grant from the junior league established a College/Career Center staffed by volunteers and a valuable resource to both students and teachers. The Museum Center preserves the essence of Withrow from its beginning in 1919 to the present.

The alumni have raised over \$4,000,000 and contributed to many different projects since its inception. In 2001 Withrow Alumni gave \$500,000 to the Cincinnati School Board so they would qualify for \$5,000,000 in bond funds from the State of Ohio. This money provided a new roof and new windows for the school. Many student projects and programs have received both volunteer and monetary support. The alumni continue to participate and offer their support in the preservation and renovation of Withrow as plans are developed to create two unique high schools in the existing building.
