Kneeling: Mande Muyaya, Karolina Vargus, An Pham, and Sade Namei.

The Cincinnati Public Schools English as a Second Language Program provides special instructional services to students whose home language is other than English. The main focus of the ESL curriculum is to facilitate student learning within the five designated skills of English mastery: listening, reading, writing, speaking, and cultural enrichment. When students have acquired knowledge and understanding of the English language they are then mainstreamed into the academic classes of the International Studies Academy.

Rajwant, Jasvir, Satinder, & Surinder Kaur
