

will sympathize and encourage:

Mr. A. O. Mathias has just completed his second year as principal. He is also adviser of senior boys and sponsor of Sigma Gamma, the senior boys' honorary society. He has clearly demonstrated ability to direct the school with forethought and judgment. His good nature, however, is uppermost as it sets the tone for Withrow.

Did you ever wonder how the ever-busy book room operates? Just ask its able director, **Mr. A. I. Vigard**. Our enthusiastic Assistant Principal eagerly helps the mischievous, problem-laden sophomore and junior boys for whom he is adviser.

You can always find **Miss Rose Agerter**, Dean of Girls, in 204 helping girls in their problems concerning colleges, scholarships, vocations, and school programs. She is also the ever-dependable adviser of Dux Femina, senior girls' honorary society.

Assistant Principal in charge of Withrow Junior High, **Mr. R. G. Wilbur** helps his seventh and eighth graders adjust to a new atmosphere and prepare for senior high. He may be proud of these "Effies" and "E-flats"; they excel in school spirit.
